May 19, 2026

2026 Medical Response & Surge Exercise (MRSE)

2026 MRSE Projected Timeline

May 19, 2026- Virtual (via Zoom)

Module 1: First Responders and Emergency Management

Module 2: Hospitals

- 8:30-10:00 AM: Conduct Module 1 of MRSE (with First Responders & EMAs)
- 10:15-10:30 AM: Module 2 participants log in, complete A/V check with HCRI
- 10:30-12:00 PM: Conduct Module 2 of MRSE with hospitals
- 12:00 -1:30 PM: Hospital information gathering and submission to HCRI
- 1:30-3:00 PM: HCRI data analysis
- 3:00-3:30 PM: MRSE end; Hotwash including C-Suite representation

MRSE Recommended Participants

- Emergency Preparedness Coordinator
- Bed Control, Transfer Center (Bed czar)
- Others may be brought into the exercise as your internal response requires (e.g., ED nurse manager, ED physician, and/or other ED staff)
- Individual(s) who can answer current resource availability and response needs based on the scenario
 - Trauma capabilities
 - Operating Rooms
 - Supplies

*** HPP requires at least one senior leadership (C-suite) representative to be in attendance during the exercise hotwash on May 19, 2026 ***

MRSE Recommended Tools

- Use of the hospital command center or other conference room is preferred for exercise play:
 - Computer with camera and microphone
- Zoom link (will be provided prior to the exercise and posted on the myHCRI website)
- [ImageTrend Resource Bridge](#)
- [HCRI website for MRSE](#)
